Dear Member,

Kent Golf Union has decided to issue County Cards to all members of affiliated Kent Golf Clubs with effect from 1st March 2018, thereby offering the benefits of the card to all members. This has been in place in some counties for a number of years and has proved popular with their members. Kent Golf Union is sure this will prove to be more easily managed than running a separate section for affiliated members.

To meet the costs of this enhancement of member benefits, along with re-organising the KGU Office, £3.00 has been added to your affiliation fee.

The two accounts being run by Kent Golf Union Ltd. to accept payments for the old County Card have been closed, and I would ask you to please cancel your standing order with immediate effect.

Your new card for 2018 will be delivered to your home golf club in February. For 2018, it will not be personalised but will have a unique number. Once you have collected your card please could I ask you to complete the personal details overleaf which can be done by clicking through the registration box on our website www.kentgolf.org or email it direct to sue@kentgolf.co.uk. If you wish, you may also post your details to the KGU office.

For Life Members there will be a £10 discount each time you play in one of the Members Meetings or if you have taken out Life Membership in the last 9 years, we will make a pro rata refund if you so wish (but you would not benefit from the discount on entry fees for golf events).
